

SAMRUDHI BAJIRAO SHINDE

Pune, Maharashtra | 9370834519 | samrudhishinde4050@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience in Java, Spring Boot, Hibernate, JDBC, MySQL, React.js, HTML, CSS and REST APIs through internships and academic projects. Strong foundation in Object-Oriented Programming, Data Structures & Algorithms, DBMS, SDLC, and Agile methodology. Passionate about building scalable applications, solving complex problems, and delivering high-quality software solutions.

TECHNICAL SKILLS

Programming Languages: Java, C++

Web Technologies: HTML, CSS, React.js, JavaScript

Backend Technologies: Spring Boot, Hibernate, JDBC, REST APIs

Databases: MySQL

Tools & Platforms: Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Full Stack Development Intern — Platominds Pvt. Ltd.

- Built 6+ backend modules using Java, Spring Boot, Hibernate, JDBC, and MySQL, improving application maintainability and reducing code duplication by 25%.
- Created 12+ RESTful APIs for secure communication between frontend and backend, reducing API response time by 30%.
- Optimized MySQL queries and indexing, improving database performance by 35%.
- Managed 5,000+ database records using JDBC while maintaining 100% data integrity.
- Delivered complete CRUD functionality for multiple business modules, reducing manual processing by 40%.
- Resolved 30+ bugs through testing and debugging, improving application stability and code quality.

Web Development Intern — iGAP Technology

- Created a responsive Jewelry Shop web application using React.js, HTML5, CSS3 with 95% cross-device compatibility.
- Developed reusable React components, reducing UI development time by 30%.
- Enhanced website responsiveness, achieving 95% cross-device compatibility across desktop, tablet, and mobile devices.
- Improved frontend loading speed by 20% through component optimization.
- Collaborated with a 4-member development team to resolve UI issues and deliver project milestones on schedule.

PROJECTS

Government Healthcare Management System | Java, Spring Boot, React.js, MySQL, REST APIs

- Developed a secure Healthcare Management System supporting Admin, Doctor, Receptionist, and Patient modules with role-based authentication.
- Built 15+ REST APIs and implemented complete CRUD operations for patient records, appointments, prescriptions, and medical history.
- Integrated Spring Boot with Hibernate and MySQL to improve database performance by 30%.
- Implemented authentication and authorization for secure healthcare data management.
- Collaborated with a 4-member team following Agile methodology throughout the Software Development Life Cycle.
- Improved application responsiveness with 95% cross-device compatibility, ensuring an enhanced user experience.

EDUCATION

Bachelor of Technology in Computer Science | Dr. J.J. Magdum College of Engineering, Jaysingpur

2023 – 2026 | CGPA: 8.22

Diploma in Computer Engineering | Institute of Civil and Rural Engineering, Garagoti

2020 – 2023

CERTIFICATIONS

- Java Full Stack Development
- Web Development
